GAMBIAN TRIP INSPIRES NEW INITIATIVE

Retired business man, Mohammed Ahktar, was inspired after his first visit with Football Gambia to The Gambia in January that he set up his St. Albans based charity shop.

Mohammed, a lifelong friend of FG founder Ian Stapleton, had never been to Africa and was interested in activities of FG in the country. He visited the rural areas and met with the local village members. It was at this point that Mohammed shared his desire to build a school, in the Gambia, to help deaf children. Mohammed already runs and supports a deaf school in Kashmir and now runs his new charity shop to provide support and assistance to children who are deaf. Both shops are on Hatfield Road, St. Albans, Hertfordshire.

Well done Mohammed: a great cause and you've made us all proud!
