Team Gambia

The work of Football Gambia will be supported by 20 UK volunteers on their upcoming trip on 27 January 2012. The volunteers will help to erect a fence in Sittanunku to protect the crops from wildlife. The community-based projects also includes the implementation of a number of water wells to allow a constant flow of water to the crops. FG will also run three football/ sports leadership courses for local teachers, grassroots football coaches and Sittanunku's ladies football team who are over 50! Thanks to those who have donated football kit, on the trip, we will also identify 11 Schools to distribute the various football items.

Keep up the good work

Due to the ongoing support to Football Gambia, since the creating of FG in 2009, we have been able to send 15 containers to Gambia including a variety of fantastic football and educational items. These 15 containers equates to 600 boxes! This fantastic achievement would not have been possible without Derrick Williams MBE and his team from KIT AID, and Elise & John from Umbro RSH (Dubai); our main football kit sponsors. Thanks to Pete Upshall and family for donating football kit from their club Warboys Colts FC, and special thanks to Jan and Rob Munro for raising almost £2,200!
